7 TH INTERNATIONAL CONFERENCE

EMPOWERING COMMUNITIES: THE ROLE OF SOCIAL WORK FOR SUSTAINABLE FUTURE

14-16 NOVEMBER 2024 DHAKA, BANGLADESH

CALL FOR ABSTRACTS

- Welcome to the WSWD2024: 7th International Conference on “Empowering Communities: The Role of Social Work for Sustainable Future” jointly hosted by Community Social Work Practice and Development Foundation (CSWPDF), Dhaka, Bangladesh and Daegu Council on Social Welfare, South Korea.
- Focusing on the theme “Empowering Communities: The Role of Social Work for Sustainable Future” this important academic conference aims to unite global experts and scholars who are dedicated to issues related to the Global SDGs. Our objective is to collectively explore and research aspects of social development, professional growth of global social work, educational advancement, and research collaboration within these communities, with an emphasis on the practical application of research findings. We invite academics, researchers, social work practitioners, scholars, and stakeholders from around the world to actively participate in research and practice collaborations. Through cross-cultural and interdisciplinary exchanges and cooperation, we seek to foster knowledge and innovation in social and academic developments concerning the SDGs and social work globally.
- This conference serves not only as a platform for academic exchange but also as an opportunity to enhance understanding, build connections, and expand perspectives. We eagerly anticipate exploring the scope of practicing social work to achieve sustainable societies with scholars from around the world and collaborating to create a more inclusive, equitable, and opportunity-rich global community.
- We cordially invite you to join and contribute to this significant event, where we aim to translate evidence into practice for achieving the SDGs to help communities worldwide. We welcome research abstracts in all substantive areas, adopting innovation via community led approaches that are grounded in indigenous wisdom and harmonious coexistence with nature. Utilizing scientifically robust qualitative and/or quantitative methodologies, this event promotes researches that can be conducted at the micro, macro, or policy levels, encompassing various forms of inquiry.

7 TH INTERNATIONAL CONFERENCE

EMPOWERING COMMUNITIES: THE ROLE OF SOCIAL WORK FOR SUSTAINABLE FUTURE

14-16 NOVEMBER 2024 DHAKA, BANGLADESH

WORKSHOP ON EMPOWER EDUCATION: SDG

PARTICIPANT PRIORITY: COLLEGE TEACHERS

RESOURCE PERSON: MR. HENRY MARIS, CEO OF MAPSDG, AVADI, CHENNAI, INDIA

DATE: 15 NOVEMBER 2024

REGISTRATION FEES: BDT 1200/-

(COMPLIMENTARY FOR CONFERENCE PARTICIPANTS)

WORKSHOP CONCEPT NOTE

- The United Nations (UN) agenda for 2030 on sustainable development has provided a shared blueprint for all its participating countries to work towards achieving the targets through UN_SDG. This has led to the formulation of policies and framework at the national/state governments at higher level. However, this has not been able to cascade into every human. Higher Education Institutions play a huge role in leading societal transformation. HEI could play an important role in precipitating the Sustainable Development Goals (SDGs) and its targets through education and research.
- The Sustainable Development is a normative concept aiming towards creating pathways to find well-being of human without trespassing the boundaries of our planet. Therefore, it is vital for the HEI and all its stakeholders to spread this awareness and recreate institutions of the 21st century that actively engage in solving real-world problems - that would create sustainable future for us and to the next generation.
- At MapSDG (<https://mapsdg.com>), we have attempted to help HEI to map its curriculum to UN-SDGs and create activities and process to align itself to the practices of SDGs. It uses inbuilt AI tool to relate to the relevant SDGs to enable faculty members to identify meaningful and rightful approach to deliver the curriculum in order achieve UN_SDGs 2030. Furthermore, an AI tool can assist in mapping students' extracurricular and co-curricular activities to the SDGs, guiding them in making meaningful impacts on their communities and the world.

How can HEI
contribute to SDGs

- 4 Pillars

Research Education
